EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joe Gamberdell on 11/22/2010.

The application has been amended as follows:

Claim 36. Microfluidic connection, comprising

a carrier element comprising a microfluidic channel fixed between a feeding element and a backplate, the feeding element comprising a channel adapted for feeding a fluid into the microfluidic channel;

wherein the backplate comprises a recess, the recess arranged opposing the feeding element, and

the recess comprises an elastic thrust piece-, wherein the carrier element further comprises a planar surface in contact with the elastic thrust piece in the assembled connection.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Attorney Joe Gamberdell agreed on 11/29/2010 to submit

corrected drawings with formal figure labels to replace hand-drawn labels. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or fairly suggest a fluidic connection comprising an inlet in communication with a channel, a planar wall of which contacts a "thrust piece" (resilient material) arranged in a recess of a backplate (lower substrate).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to TIMOTHY G. KINGAN whose telephone number is (571)270-3720. The examiner can normally be reached on Monday-Friday, 8:30 A.M. to 5:00 P.M., E.S.T..
